Libraries:	Numpy, Pandas, PyTorch, Scikit-learn, Matplotlib.
Tools:	Git, Github, Postman, Vercel, Docker, Github Actions, AWS.
Course:	Data Structures and Algorithms, Database Management System, Computer Network and Network Design, Operating System, Computer Organization and Architecture

EXPERIENCE

SOFTWARE ENGINEERING INTERN
May 2024 - Present
One Inc Cooperative — *Mumbai, Maharashtra*
- Responsible for full-stack development using Vue.js, Nuxt.js, TypeScript, Python, and FastAPI.
- Collaborate with a dynamic team to build robust and scalable web applications, leveraging modern technologies and best practices.

AI ENGINEERING INTERN
Feb 2024 - April 2024
Proton Data Labs — *Mumbai, Maharashtra*
- Fine-tuning GPT-4 for specialized tasks, enhancing natural language processing abilities.
- Leading full-stack MERN development, ensuring seamless data flow for scalable web applications.

FULL STACK WEB DEVELOPER INTERN
July 2023 - Dec 2023
FINWURL Enterprises Ltd. — *Mumbai, Maharashtra*
- Spearheaded the development of secure RESTful APIs in Express.js, serving 100+ customers.
- Orchestrated 10,000+ seamless user interactions, establishing new benchmarks for efficiency.

WEB DEVELOPER INTERN
May 2023 - Jun 2023
The Hobby Tribe — *Mumbai, Maharashtra*
- Created 7 interactive games using EJS and Express.js, boosting user engagement.
- Utilized MongoDB to establish efficient, scalable database structures for seamless data storage and retrieval.

PROJECTS

MEDICURE Live Link Github
- Implemented RFID and face detection to automate doctor availability, enhancing scheduling efficiency.
- Utilized Generative AI to optimize appointment slot allocation, improving resource allocation.

CODE WIZARD Live Link Github
- Code Wizard offers intelligent coding assistance and snippet generation, tailored to your project's standards.
- It enhances coding efficiency by providing customized guidance and ensuring adherence to best practices.

COLLABOWRITE Live Link Github
- Enables real-time collaborative text editing, allowing multiple users to work together seamlessly.
- Built with the MERN stack, Socket.io and Redis, ensuring scalable collaboration with a user-friendly design.

ACHIEVEMENTS

Winner | Smart India Hackathon | VVCE | December 2023
- Winner of the Smart India Hackathon 2023, showcasing innovative prowess and teamwork in a competitive environment.

First Prize | HackX Hackathon | SFIT | September 2023
- Secured first place in open innovation domain through exemplary leadership and innovative engineering.

Finalists | FlipKart GRiD 5.0 | September 2023
- Finalists in Flipkart GRiD 5.0 - Software Development Track by Unstop (Top 0.5% in 3,97,374+)

Second Runner Up | Devopia - KJSCE 2024 | April 2024
- Secured third place in the AI/ML domain showing exceptional leadership skills.

EXTRA-CURRICULAR

- CodeChef - Achieved a commendable CodeChef rating of 1661 by consistently participating in coding contests and solving challenging problems, demonstrating proficiency in algorithmic problem-solving and DSA concepts.
- Leetcode - Attained a top 15% LeetCode rating through regular practice and successful completion of numerous coding challenges, showcasing strong problem-solving skills and coding efficiency by solving over 300 problems on the platform.

EDUCATION

- **University of Mumbai - Thadomal Shahani Engineering College** 2021 - 2025
  Bachelor of Engineering in Information Technology CGPA 8.1/10.0
